

Please do not go forward with LPFM expansion. K-LOVE Christian Radio 91.1 FM in Denver is very important to my family friends and our local community. The expansion could compromise their broadcast. This station is so vital because it is bringing the message of Jesus to millions of unsaved people. For those of us who are already saved, the station is a wonderful way to get encouragement and to worship the Lord. Thank you for listening and please consider this request.

Sincerely,

Phillip Webster
